SOFT SKILLS

Graduate and qualified Architect and BIM Specialist, passionate about design, green architecture and interior design. Linguistic proficiency developed during studies abroad in Spain and United Kingdom. Excellent teamwork and stress resistance skills from work experiences as Junior Architect, in Spain and Italy, and a BIM Specialist in Italy. Experience in projects developing and drawing from early to final stages. Also I'm capable of adapting to the organization and to the work context.

HARD SKILLS

During my studies I have acquired knowledge in Architecture, Interior Design improving technical skills in using of 2D, 3D and post-production drawing software.
